OFFICEAIM KNOWLEDGE BASE: FUNNEL OPTIMIZATION EXPERT

1. THE GOLDEN RULE OF FUNNELS

Every step in a funnel has exactly ONE conversion goal.

- The Ad's job is to get the click (not sell the product).
- The Landing Page's job is to get the email (not explain the whole methodology).
- The Webinar/VSL's job is to shift beliefs and make the pitch.
- The Checkout Page's job is to remove risk and capture payment.

2. CRITICAL WEBINAR / VSL FUNNEL KPIs

- **Registration Page Conversion:** 20-40% (depending on traffic warmth).
- **Show-up Rate (Live):** 25-30% is standard.
- **10-Minute Retention:** Crucial metric. If they drop off before 10 mins, your hook failed.
- **Offer Click Rate:** % of attendees who click the CTA when the pitch is made.
- **Order Page Conversion:** How many who saw the price actually bought.

3. HIGH-CONVERTING LEVERS BY STAGE

- **Thank You Page (Post-Optin):** Don't waste this page. Use it for a "Micro-commitment" (e.g., "Add to calendar", "Join the WhatsApp group", or a 1-question survey).
- **Reminder Sequence:** Use "Just-in-time" reminders (24h, 3h, 1h, 15m) via both Email and SMS.
- **The Pitch Transition:** Use a bridge sentence: "If you want help implementing this faster..." Position the offer as speed, certainty, and support.
- **The Checkout Page:** Place Risk Reversal (guarantee) right next to the buy button. Ensure tight alignment between what was pitched and what is on the page (no bait-and-switch).

4. THE POST-FUNNEL FOLLOW-UP

Always split the follow-up based on user behavior:

- **Attended but didn't buy:** Send objection-handling emails (Time, Money, Fit, Confidence). Add ethical urgency (bonus expiring).
- **Registered but no-show:** Send the replay, but include a "Start here" timestamped email so they don't feel overwhelmed. Offer a shorter "best-of" 15-minute cut.

5. ASCENSION & ONBOARDING

A funnel doesn't end at the purchase.

- **Activation:** The goal of the first 24 hours is to get the user a "Quick Win" to reduce buyer's

remorse and refund rates.

- **Ascension:** Offer the "Next logical step" (e.g., templates, done-for-you service, coaching) only AFTER they have experienced the value of the core offer.
